MEET THE SUTTONS AND ALL MEDIA CONSULTANTS *By Alysa Sutton*

Saul and I are rooted and vested in Millburn/Short Hills. I was raised in town and graduated Millburn High School. Saul grew up in Livingston and graduated Livingston High School.

Saul and I have lived in South Mountain for 16 years in two different homes and we feel very lucky to be part of this community. Our current home is a 100-year-old Tudor with some unique features. There is a cave in the backyard with a waterfall and pond. The house has the original slate roof. The backyard is a small oasis in South Mountain.

Our two daughters, Elliana who is 13 and Mia who is 11, along with our two dogs, Austin and Roxy also feel very at home in town. Elliana loves music, lacrosse and volunteer work with *The Friendship Circle*, a group that extends a hand to children with autism and other special needs, and involves them in a full range of Jewish and social experiences. Mia is on a gymnastics team and placed this year in South Mountain School's *Destination Imagination* Team, which inspires and equips students to become the next generation of innovators and leaders.

Saul has a passion for sound and music. He is a self-taught drummer and loves live music. Saul has always been the electronic gadget guy amongst family and friends. I enjoy spending my spare time doing hot yoga, volunteering for the community and helping others.

Our business, All Media Consultants, was born in 2005 from Saul's love of music and electronics. It was from this passion that our connection with audio, video and home theater was derived. All Media's approach was simple: custom designed flat screen TV's with surround sound and multi-room audio at an affordable price with top notch service. One night we sat down to discuss what would be involved with opening All Media full time. And from that point on All Media Consultants has been busy. We have done work in hundreds of homes and businesses

in Millburn/Short Hills, including Millburn High School, Millburn Library and South Mountain School.

I am the networking and marketing arm of All Media, and am President of BNI Strategic Connections, a business networking group that meets weekly in Florham Park.

All Media Consultants provides equipment sales, structured wiring, multi-room audio, flat-screen TV's, surveillance cameras

and home theater for residential and commercial applications. We have been awarded Gold Dealer status by SONOS, wireless multi-room audio solutions. Only 10% of the Dealers in the USA have that status. It is a designation given based on sales and support as a SONOS dealer.

All Media's goal is to be around a long time to support all the wonderful businesses and residents that have used our services. Each client is important to us and we are grateful to live and work here.
